Subject: [External] Questions regarding Oct 12. hearing in Docket No. 2019-226-E

Ms. Wessinger Hill,

We are reaching out with some questions regarding the hearing in Docket No. 2019-226-E, set to begin next Monday, October 12. The Clerk's office directed us to send our questions to contact@psc.sc.gov, so we have included that email address here in addition to copying the parties of record for this proceeding.

As an initial matter, will there be a pre-hearing technical conference scheduled for this week?

Second, while the hearing was postponed, we did not see an update to the original September 7 deadline for submitting any panel requests and the order of witnesses—when should parties share that information with the Commission and other parties? One of our witnesses has a conflict on October 15th that we would like to work around if possible.

And lastly, we would also appreciate any clarity regarding potential cross-examination exhibits and how they should be shared with Commission staff in advance of the virtual hearing.

Thank you, and we appreciate your guidance on these matters.
